LATEST LEADS

ON MISSOURI TANK SITE CLEANUPS

A newsletter for environmental professionals to keep you posted on developments of interest

"... To the Extent Practicable?"

Environmental consultants are all too familiar with the difficulties meeting the subjective regulatory requirement of recovering free product "to the extent practicable." Help has arrived!

The MDNR has issued a new bulletin aimed at helping consultants meet this regulatory standard:

<http://dnr.mo.gov/pubs/pub2577.htm>

The bulletin was developed in conjunction with PSTIF staff and several consultants. We encourage its use!

Two Good LNAPL Articles

You also would do well to review these recent articles on LNAPL:
