

HOW DO I GET INSURANCE FOR MY ABOVEGROUND TANKS (ASTs)?

◆ FIRST –

- Ask yourself
- If the ASTs are in use, and
 - Do the ASTs contain petroleum products, and
 - Is product in the tank offered for sale?

If the answer to all three questions is yes, you may apply for insurance coverage for your ASTs.

◆ THE CRITERIA FOR GETTING INSURANCE ARE:

- You **must** be in compliance with all pertinent requirements of the Missouri Department of Agriculture;
- You **must** demonstrate the ability to pay the \$10,000 deductible if you ever have a claim;
- You **must** fill out and sign the application form and supply all requested documents, and
- You **must** pay the required annual participation fee and the one-time \$100 administrative fee for each tank.

If you currently meet the four criteria listed above and you wish to apply for insurance coverage,

◆ THEN, EITHER –

A) FILL OUT THE APPLICATION AND SEND -

- Evidence of how you plan to pay the \$10,000 deductible, if you ever have a claim,
- One or more photographs of the facility, showing the ASTs, piping, containment or remote impoundment, etc.,
- A scaled diagram of the site showing the ASTs, piping, buildings, dispensers, etc;
- A calculation sheet showing the size of the secondary containment,
- Leak detection records as described under Question 11 of application, and
- Your check
