# Proposed Fee Increase - Monitoring Wells

At its meeting on August 14, 2020, the Well Installation Board will consider a proposal to increase fees, including those for certifying monitoring wells and for obtaining a monitoring well permit. The fee for certifying a monitoring well would increase from \$100 to \$125, the maximum allowed under current regulations. The permit fee paid by drillers would also increase from \$100 to \$125 in July 2022.

Permitted drillers and consultants are encouraged to review the proposal at:

https://dnr.mo.gov/geology/geosrv/wellhd/wib/documents/2020-05-01-groundwater-protection-addendum-final.pdf

Comments may be sent to amber.steele@dnr.mo.gov or to Well Installation Board members, listed here: https://dnr.mo.gov/geology/geosrv/wellhd/wib/index.html#members
